## Message from Director

**Fr. Dr. Jose Kuriedath CMI**

Amidst the constraints of the COVID-19 pandemic, Rajagiri outREACH, Rajagiri College of Social Sciences (Autonomous), Kalamassery, has successfully executed projects for children, women, senior citizens, migrants, and other vulnerable communities. The organization had distributed food and health provision kits, masks, sanitizers, and provided livelihood support for women, psychosocial support, and tele-counselling to the needy community by collaborating with different organizations and institutions to tackle the ongoing circumstances caused by the pandemic. I take this opportunity to extend my sincere appreciation to the Central Government, State Government, Departments of Labour, Health, Revenue, District Administration, and various Local Self-Government leaderships for the effective implementation of the COVID-19 Relief Activities. It is with gratitude that I appreciate the support extended by the ITC Rural Development Trust, Kolkata, for funding the COVID-19 Relief Project for Migrant Workers. I appreciate the efforts of the corporates, sponsors, individuals, students, faculty, non-teaching staff and alumni of Rajagiri College of Social Sciences (Autonomous), the staff of Rajagiri outREACH, and all our well-wishers, for their significant contributions in successfully implementing the project.

## Acknowledgement

The impact of COVID-19 across the world is known to be far reaching and a new world order has formed as a result of it. Unlike many severely affected countries, the spread in March-May 2020 period was restricted to a great extent in India due to Lockdown and other government measures.

However the situation became unfavorable for the workers in unorganized sector, especially for the migrant workers. The State of Kerala has over 2.5 million migrant workers from other states in the country and became jobless during the lockdown.

Rajagiri outREACH, Rajagiri College of Social Sciences, has an impeccable record of designing and implementing various community projects including ‘Suraksha Migrant Project’, a dedicated government programme for migrant workers and have consistently ranked top amongst implementing agencies in Kerala.

During this COVID-19 pandemic period, Rajagiri outREACH could reach to the community through various support in terms of distribution of Food and Health Provision Kits, Psychosocial Support, Livelihood support for women and Telecounselling for children, elders, migrants, etc. We place on record our gratitude towards Government of India & Government of Kerala, for providing the necessary guidelines in following the COVID-19 protocol and we acknowledge the support extended by Department of Labour / Revenue / Health, District Administration led by the District Collector, NITI Aayog, Government of India, State and District Level Inter-Agency Groups, Kerala State Disaster Management Authority & Ernakulam District Disaster Management Cell, Government of Kerala, and various Local Self Government Leaderships for their exceptional contribution in the successful implementation of this project. We also acknowledge the support extended by ITC Rural Development Trust, for funding the project for the migrants.

We thank our leadership team, Fr. Dr. Jose Kuriedath CMI, Rev. Dr. Mathew Vattathara CMI, Rev. Dr. Saju M D. CMI, Rev. Fr. Shinto Joseph CMI and Rev. Fr. Rintle Mathew CMI, for their constant guidance and active involvement from inception to completion. The Civic Virtue and the Volunteering exhibited by Rajagiri outREACH Project Director, Mrs. Meena Kuruvilla and Rajagiri outREACH Staff, Faculty, Students, and Alumni of Rajagiri College of Social Sciences were topnotch at each and every phase of the project and we appreciate their remarkable efforts at the fullest.

We also thank our suppliers, logistic partners and all other associates of the project in helping us creating a great impact amongst beneficiary groups in particular and society in general.

## 02. Introduction

### ABOUT COVID-19

Corona virus disease (COVID-19) is an infectious disease caused by a newly discovered corona virus. As per WHO, most people infected with the virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Older people and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease and cancer are more likely to develop serious illness.

### WHAT ARE THE SYMPTOMS OF COVID-19?

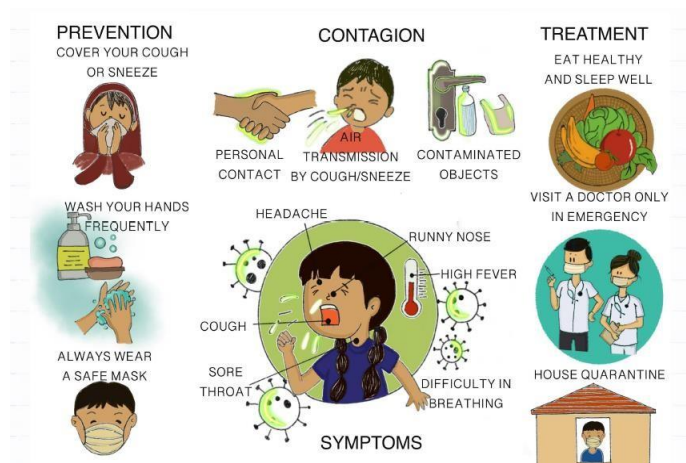

According to the World Health Organization, it is possible to carry COVID-19 for anything from 48 hours to 14 days, prior to any symptoms becoming noticeable.

New discoveries about the signs and symptoms of COVID-19 are being made on a daily basis, which is why it is essential to keep up with the latest information from the WHO, CDC, NHS and so on. The most common indicative symptoms of COVID-19 are as follows:

- A high temperature
- A new continuous cough
- Shortness of breath

Some patients have also reported the following symptoms, following their COVID-19 diagnosis: However, no specific combination of any of the above symptoms confirms a case of COVID-19.

- Sore throat
- Runny nose
- Nasal congestion
- Loss of taste or smell
- Aches and pains
- Diarrhea
- Chronic fatigue

In India, the COVID-19 pandemic was reported during the month of February 2020 and this virus affected many people's health, livelihood and day to day life. This COVID-19 pandemic caused anxieties, unemployment, isolation, lack of social interaction, lack of recreation and entertainment, loss of business, reduction in income, restrictions in movements and COVID-19 related health issues, etc. The livelihood of the people also came to a standstill due to the lockdown.

India with a population of over 1.3 billion is under tremendous threat with COVID-19 pandemic and as a proactive measure, the Government of India had declared for a Lockdown for 21 days from March 23, 2020. The Government of India had taken precautionary measures to control the spread of the COVID-19 pandemic.

Kerala, the southernmost state of India is one of the first and majority affected States in India due to a large flow of international and national population. The State of Kerala has taken substantial measures to prevent the spread of COVID-19 and the same has been appreciated globally. However, the densely populated State is prone to high risk and is more so for its millions of Guest Workers / migrant labourers. Ernakulam District has the largest population of Guest Workers in the State of Kerala, with major concentration in Perumbavoor and Kalamassery region and the living condition has been observed as high risk during the lockdown period. Awareness, safe shelter, nutritious food, medical care, health and sanitization, prevention from drug/other abuse and mental health of the Guest Workers have emerged as significant areas of attention.

**AWARENESS PROGRAMMES ON PREVENTION OF COVID-19 AMONG MIGRANTS**

COVID-19 was declared a “pandemic” by the World Health Organization (WHO) in early March 2020. Globally, extraordinary measures were being adopted to combat the formidable spread of the on-going outbreak. Under such conditions, people’s adherence to preventive measures is greatly affected by their awareness of the disease. As the global threat of COVID-19 continues to emerge, it is critical to improve the awareness and preparedness of the targeted community members, especially the less educated migrants. Rajagiri outREACH Suraksha Migrant Project, Perumbavoor in collaboration with the Health Department and the Labour Department, has been instrumental in promoting corona awareness among migrant workers in the 4 panchayats and a municipality in Ernakulam District.

In response to COVID-19 pandemic, Rajagiri College of Social Sciences, Rajagiri outREACH conducted awareness classes through mike announcements, telecommunication, social media, creative tasks activities, site visits & house visits during lockdown period. To reach out to the Migrants Rajagiri outREACH Suraksha Migrant Staff, created different methods of awareness sessions by reaching out to their resident locality through mike announcements in Hindi and Bengali, working site visits, home visits, etc. 14980 migrants had benefitted from the awareness programs conducted by Rajagiri outREACH Suraksha Migrant Project.

### **COVID WARRIORS**

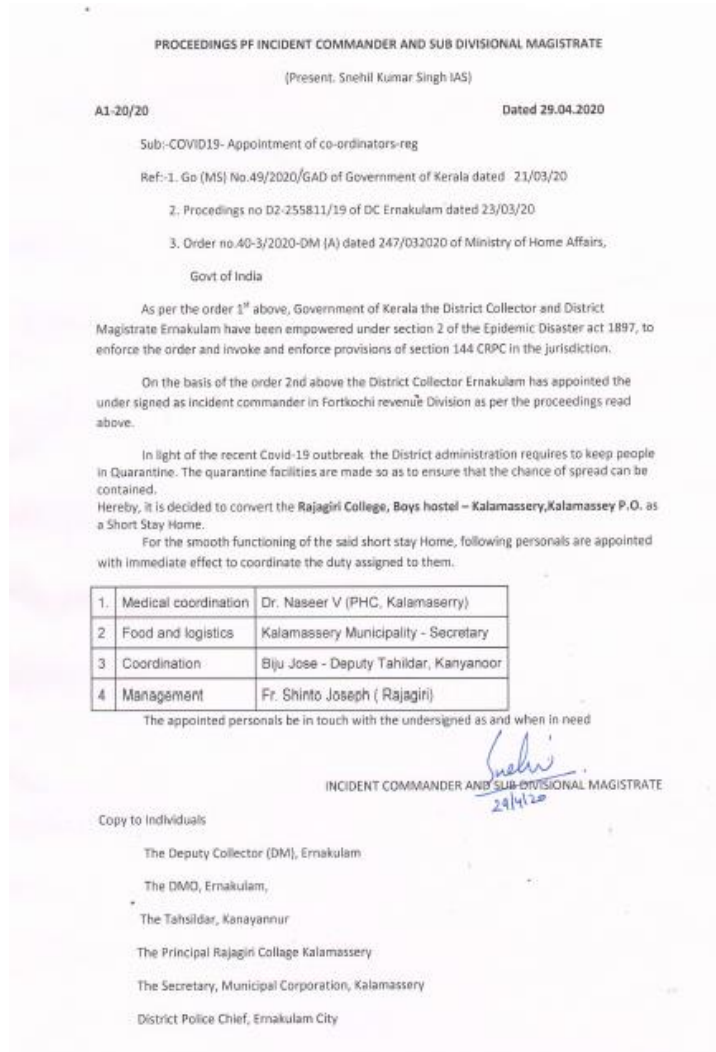

2020 presented the world with a jolt out of the blue - COVID-19! The widespread outbreak of the pandemic in March 2020 caused great panic and left even the developed nations clueless and off-guard. As death tolls peaked in Italy, China and, the U.S., the cautious and concentrated efforts of the COVID warriors in Kerala performed miracles.

Rajagiri College of Social Sciences (Autonomous), run by the CMI Fathers, stepped forward in this moment of crisis as always, joining hands with the government bodies to serve the societal cause.

Rajagiri College of Social Sciences Boys' Hostel (Assumption Hostel) was converted to COVID-19 Care Centre Short Stay Home and Fr. Shinto Joseph CMI, Assistant Director of Rajagiri College of Social Sciences, was appointed as the Management Coordinator, vide order No.A1-20/20 Dated 29.04.2020 issued by Mr. Snehil Kumar Singh IAS, Incident Commander and Sub Divisional Magistrate. Later the COVID Short Stay Home was converted to First Line Treatment Centre (FLTC). A total of 70 single rooms with attached bathrooms were available at Rajagiri College of Social Sciences' COVID-19 First Line Treatment Centre. Apart from infrastructure facilities, electricity, water and free security were provided. The boys' hostel block of the Rajagiri College of Social Sciences was thus set aside for 8 months free of cost for COVID-19 relief activities.

Initially, it began functioning as the COVID-19 Care Centre Short Stay Home and later on converted to First Line Treatment Centre (FLTC) in Ernakulam district, nursing about 1200 people who were quarantined and 1907 COVID-19 positive cases were treated at the FLTC at Rajagiri College of Social Sciences with the support of Health Department, Kalamassery Municipality and District Administration, Ernakulam. The objective of the short stay home is to keep the people in quarantine and also to provide facilities to ensure that the chance of spread can be contained. Rajagiri outREACH Staff had supported in the arrangement of infrastructure facilities at the FLTC.

It is the collective effort of 32 health workers that has helped to treat and cure so many COVID-19 victims ranging from 7 days to 95 years old. It is the heroic intervention of the medical staff under the leadership of Dr. Cyril G. Cherian, Medical Officer in charge, Dr. Shaheer Backer, Asst. Nodal Officer, Dr. Nithin R., Dr. Ashley Joseph (Medical Officers) that made this a historic landmark. We, at Rajagiri, salute all our COVID warriors for their selfless service toward the wellbeing of our society.

## 21. COVID 19 – Lockdown Activities for Rajagiri outREACH Staff

*“All we have to decide is what to do with the time that is given to us”- J.R Tolkien*

The corona virus outbreak has affected people across India in different ways. Around mid-March, when several Indian states sprang into action to contain the Covid-19 pandemic, Kerala has also declared lockdown period. Thus to utilize the available time in creative ways KAVAL Rajagiri outREACH team members Sajo Joy (Coordinator) and Ally Achamma Sebastian (Case worker) had organized a 10-day activity during the lockdown period to rejuvenate all the staff members. The activities were done in a competition manner and the programme was a great success. All this has been successfully achieved with the complete support and guidance of Mrs. Meena Kuruvilla, Project Director, Rajagiri outREACH and the active participation of each team member and their families.
